What would you like to see in your child's learning and development at our service?

Obviously when he is ready but for his speech to progress

Any other input you would like to give

- Spencer can have an upset stomach resulting in looser bowels every few months. We believe this relates to an intolerance but are unsure what. It seems he is slowly outgrowing it.
- He also normally has a clear but runny nose.
- He still has a nap and is usually good and will sleep when asked.
- He twirls his hair when he is tired or upset.
