Hi Nicole,

Please see email below for input from July policies.

Kind regards
Erin

Subject: Policy review

Hi Sarah,

Please see my recommended changes to the illness policy.

- temperature of 38 or over requires 24hr exclusion regardless of doctor clearance
- vomiting and diarrhoea minimum 24hr exclusion from last vomit or diarrhoea regardless of dr clearance
- child to be sent home after 3 diarrhoea's or loose bowel movements. Lead educator discretion for vomiting.
- lead educators to have discretion when sending children home for being generally unwell.
